NB: Incomplete Application / Late submission of application after cut off date/ fail in submitting relevant documents with application will not be considered .

VI. Selection Process

From the received applications , list of students will be prepared on the basis of marks obtained by the candidates in the qualifying examination in the relevant subjects (Physics, Chemistry and Biology/Mathematics).

The marks obtained by the candidates in the relevant subjects in the qualifying examination conducted by various Boards or authority of other states shall be equated with the marks obtained by the candidates in the same subjects in the qualifying examination conducted by the Director of HSE, Kerala. Marks obtained by the candidates under various streams of examinations such as HSE in Kerala/CBSE/ICSE etc. will be subject to the process of normalization.

Process of normalization: Under the method of normalisation , the highest mark obtained by students of various Boards in each subject shall be equated to the highest mark obtained by the students of the Kerala Higher Secondary examination in the same subject and the relative marks obtained by other students in that subject shall be determined accordingly.

Eg: If the highest marks secured by a student of the Kerala state HSE, in Physics is 100 and the highest mark secured by a student on any other board in the same subject is 90, both the highest marks will be considered to be equal to 100, if a student of the other board secures 60 marks in Physics when the highest mark in Physics in the same board is 90, the 60 marks will be considered to be equal to 66.66 marks as arrived at below:

$$100 \times 60 / 90 = 66.66\%$$

Those candidates who have passed the qualifying examination of any state other than Kerala, will be treated at par with those students who have passed the Higher Secondary Exam of this state. Since the normalized marks depend on the applications of a college, the index marks of an applicant may vary from college to college.

Lateral entry for D.Pharm students:

Rank List will be prepared on the basis of the marks obtained by candidates in first and second year of D. Pharm examination from an institution approved by PCI under section 12 of the Pharmacy Act.

VII. Rank List Publication

The rank list will be published in notice board and will be intimated to student by registered mobile number/ e-mail.

In case of a tie in the total marks, the more marks in Chemistry in the qualifying examination will be considered. If there is still a tie, the more marks obtained in physics will be considered. If a tie still exists, the age of the candidate will be taken into account, the elder preferred to the younger. If a tie again exists, the alphabetical ascending order of the name of the candidates in English will be taken in to account. Submission of false information/particulars would result in the forfeiture of the candidature as well as cancellation of admission to the course, and in addition, will attract the relevant provisions of criminal law of the land.
